Internships & Search (Browse, Detail, Apply, Company Profile)

NIT3274 Small IT Business — Interns Store | Screen-by-screen feature spec

Tags. MUST mandatory for the assignment/rubric REAL realistic — buildable in WordPress/WooCommerce now ASPIR aspirational — full LinkedIn/SEEK-level, future scope.

Purple boxes = what appears when you click into something (a sub-screen or state).

How Your Part Connects to the Whole Site

Interns Store is a two-sided marketplace: students find internships (free) and employers pay to post them. The site is divided across four members so every page has one clear owner.

Member	Owns
Manula — Design & Front-of-House	Home, landing pages, About, Blog, UX
Member 2 (You) — Internships & Search	Browse, internship detail page, apply flow, company profile
Member 3 — Accounts & E-commerce	Dashboards, listing builder, AI assistant, cart→checkout→invoice
Member 4 — Marketing, Compliance & Presentation	Marketing/SEO, social, Contact, compliance, QA, slides, report

Your part is the core student experience. The internships you display are CREATED by employers via Member 3's listing builder. Your "Apply" button feeds into Member 3's student dashboard. The Home page (Manula) shows a preview of your listings. You also own the internship Map (shared check with Member 4's compliance list).

Your deliverable: build the browse + detail experience in WordPress. Mark which REAL/ASPIR features you'll include.

1. Browse Internships — Listing Page

Top of page

- **MUST** Page heading
- **MUST** Keyword search bar
- **MUST** Location search field
- **MUST** "Search" button
- **REAL** Clear filters; results count
- **ASPIR** Save-this-search & alert

Filters

- **MUST** Field/industry, location, type (remote/on-site/hybrid)
- **REAL** Duration, paid/unpaid, start date, part/full-time
- **ASPIR** Company size, visa-friendly, "best match for me"

Sort & view

- **REAL** Sort (newest, closest, relevant, closing soon); list/map toggle
- **ASPIR** Grid/list toggle; results-per-page

Each internship card

- **MUST** Title, company, location, View/Apply button
- **REAL** Logo, one-line summary, tags (remote/paid/new), posted date, save icon
- **ASPIR** Match score, applicant count, stipend chip

Map view

- **MUST** Google Map with pins (Maps requirement)
- **REAL** Pin click → mini card popup
- **ASPIR** Pin clustering; "search this area"

Bottom

- **REAL** Pagination / load more; create-alert CTA
- **ASPIR** Recommended internships strip

2. Internship Detail Page (click a listing)

► Clicking a listing opens this full page:

Header

- **MUST** Title, company name + logo, location + work type, "Apply Now"
- **REAL** Cover banner, save, share, posted & closing dates
- **ASPIR** Applicant counter, match badge, report link

Description body

- **MUST** Full role description; responsibilities
- **REAL** Requirements, duration/hours/start, paid/unpaid, benefits, how to apply
- **ASPIR** Required vs preferred skills auto-highlighted; response time

About the organisation panel

- **MUST** Company name + logo
- **REAL** Company image, bio, industry/size/website, mini map, "view company profile", other internships
- **ASPIR** Ratings/reviews, follow company

Sidebar

- **MUST** Sticky "Apply Now"
- **REAL** Save, quick-facts box
- **ASPIR** Ask a question; application progress

Bottom

- **REAL** Similar internships; social share
- **ASPIR** "Students also applied to..."

3. Apply Flow (click "Apply Now")

► Opens the application screen:

- **MUST** Confirm CV/profile to send; Submit button
- **REAL** Upload CV, cover note, screening questions, login/register prompt
- **ASPIR** AI cover-letter helper; one-tap easy apply

► After submitting:

- **MUST** Confirmation message
- **REAL** Confirmation email; "view in dashboard" link
- **ASPIR** Suggested next internships

4. Company Profile Page

► Click "View company profile":

- **REAL** Logo, banner, name, about, industry/size/location/website, all current internships, map
- **ASPIR** Photo gallery, reviews/ratings, follow button, intern testimonials
