Accounts & E-commerce (Dashboards, Listing Builder, AI, Cart→Invoice)

NIT3274 Small IT Business — Interns Store | Screen-by-screen feature spec

Tags. **MUST** mandatory for the assignment/rubric **REAL** realistic — buildable in WordPress/WooCommerce now
ASPIR aspirational — full LinkedIn/SEEK-level, future scope.
Purple boxes = what appears when you click into something (a sub-screen or state).

How Your Part Connects to the Whole Site

Interns Store is a two-sided marketplace: students find internships (free) and employers pay to post them. The site is divided across four members so every page has one clear owner.

Member	Owns
Manula — Design & Front-of-House	Home, landing pages, About, Blog, UX
Member 2 — Internships & Search	Browse, internship detail, apply flow, company profile
Member 3 (You) — Accounts & E-commerce	Dashboards, listing builder, AI assistant, cart→checkout→invoice
Member 4 — Marketing, Compliance & Presentation	Marketing/SEO, social, Contact, compliance, QA, slides, report

Your part is the engine room. You own the most screens, but a lot is structured build/data-entry work (creating products, setting up dashboards). The listing builder you make is what employers use to create the internships Member 2 displays. Your Pricing/Plans & checkout is the rubric's required transaction (single payment + invoice). Member 4 will QA-test your checkout end-to-end.

Note on workload: this is the heaviest module by screen count, so you are NOT also given marketing or content work — the build hours balance it out.

Your deliverable: build the dashboards, listing builder, AI bot shell, and the full WooCommerce transaction flow. Mark which REAL/ASPIR features you'll include.

1. Pricing & Plans (e-commerce core)

- MUST** Free vs Paid comparison table
- MUST** 2–3 subscription tiers as WooCommerce products
- MUST** Pay-per-listing one-off product
- MUST** Price + feature list + "Subscribe/Add to Cart" per plan
- REAL** "Most popular" highlight; monthly/annual toggle; billing FAQ
- ASPIR** Add-ons (featured listing, AI boost); free trial; uni/gov pricing

2. Cart → Checkout → Payment

► Add to Cart:

- **MUST** Item + price, subtotal/total, "proceed to checkout"
- **REAL** Remove/edit item, coupon field, continue shopping
- **ASPIR** Suggested add-ons; GST breakdown

► Checkout:

- **MUST** Billing form (name, company, email, ABN), order summary, payment method (PayPal/test), "Pay" button
- **REAL** Coupon field, T&C checkbox, guest/account checkout
- **ASPIR** Saved payment methods; auto-renew consent

► Confirmation:

- **MUST** Order confirmation page + order number
- **REAL** Confirmation email; "post your internship" CTA

3. Invoice & Subscription Management

- **MUST** Invoice with business name + ABN, itemised, invoice number & date, downloadable/emailed
- **MUST** View plan, upgrade/downgrade, **cancel membership**
- **REAL** GST line; billing history; renewal date
- **ASPIR** Branded invoice template; pause subscription; auto-renew toggle

4. Employer Dashboard

- **MUST** "Post an Internship" button; my-listings list (title, status, applicants); edit/close/delete
- **MUST** Plan badge; quick stats; billing panel (plan, upgrade, cancel, invoices)
- **MUST** Applicants list per listing; view CV/profile
- **REAL** Duplicate listing; status tags; download CV; edit company profile
- **ASPIR** Boost listing; analytics; in-app messaging; AI ranking; bulk actions

5. Listing Builder (click "Post an Internship")

► The build form — every option an employer sets:

- **MUST** Step 1: title, category, location, work type
- **MUST** Step 2: description, responsibilities
- **MUST** Step 5: publish + save as draft
- **REAL** Duration/hours, start date, paid/unpaid, closing date
- **REAL** Required/preferred skills, benefits
- **REAL** Require CV?/cover note? toggles, screening questions
- **REAL** Logo auto-pull, listing image, preview, plan check
- **ASPIR** AI description generator, knockout filters, max applicants, video, boost, schedule

► If no listings left on plan → prompt to buy/upgrade → into checkout flow.

6. Student Registration, Profile & Dashboard

Registration

- **MUST** Name, email, password, free account
- **REAL** University/course/year, field of interest, CV upload, social login
- **ASPIR** Email verification, profile-setup steps, interest quiz

Profile

- **MUST** Name/photo/headline, CV upload, edit & save
- **REAL** Education, skills, experience, bio, links, preferences, "preview as employer"
- **ASPIR** Completeness meter, certifications, video intro, privacy toggle, export PDF CV

Dashboard

- **MUST** Browse button; My Applications list; settings (change password)
- **REAL** Recommended strip, quick stats, application status, withdraw, Saved list, notifications
- **ASPIR** Match top-picks, application timeline, employer messages, saved-search alerts

7. AI Assistant (shell & free/paid logic)

- **MUST** Chatbot widget; clear free vs paid limits
- **REAL** Basic Q&A ("how do I apply?", "find IT internships")
- **ASPIR** CV review, "recommend for me", interview prep, cover-letter help, employer JD generator
